

# Mood Ring

Britney Spears

[Verse 1]

Look in the mirror

Who do I see?

Who do I wanna be today?

If you came for a show

Which role should I take?

Fading to grey

So did we make a big mistake?

True colors'll show

Baby, just put me on display[Pre-Chorus]

Think I've been here before

I've turned some hearts into stone

And I can't hide it no more

[Chorus]

My love is a mood ring

Up and down emotions

All these mood swings

You know how to read the touch of my skin

Nothing on my body, but this mood ring

You change me, ah

Mood...[Verse 2]

I have no secrets

Cause there's a version of me

That I don't know how to hide

When you're making me glow

With your fingers against my thighs

(Glow)[Pre-Chorus]

Think I've been here before

I've turned some hearts into stone

And I can't hide it no more[Chorus]

My love is a mood ring

Up and down emotions

All these mood swings

You know how to read the touch of my skin

Nothing on my body, but this mood ring

You change me, ah

Mood...

(Nothing on my body, but this mood ring, this mood ring)[Bridge]

I'm in the palm of your hand

My temperature is at your command  
By my demand, and now I'm falling for you  
I turn to golden from blue  
And you do too, ah[Pre-Chorus]  
Think I've been here before  
I've turned some hearts into stone  
And I can't hide it no more[Chorus]  
My love is a mood ring (My love is a mood ring)  
Up and down emotions (Up and down emotions)  
All these mood swings (All these mood swings)  
You know how to read the touch of my skin (My skin)  
Nothing on my body, but this mood ring  
You change me, ah (Yeah)  
Mood...  
(Hey, hey)
