Demon Inside Me

Vampires Everywhere

Turn the radio up till you can't feel a thing
Take another breath, are you listening
Oh yeah, I'm on my knees
Good God, amen, amen
I can feel, I can feel, I can feel the heat inside my head (inside my head)
I can feel, I can feel, I can feel the dagger in my soul

She's the only disease that I can't cure with poison
It's sinking in too deep (Oooh)
She is haunting me and I can't hear the voice of
The demon that lives in me

I won't bleed this time, I will never give in
My body aches, are you listening
Come on, get on your knees
Good God, amen, amen
I can feel, I can feel, I can feel the heat inside my head (inside my head)
I can feel, I can feel, I can feel the dagger in my soul

She's the only disease that I can't cure with poison
It's sinking in too deep (Oooh)
She is haunting me and I can't hear the voice of
The demon that lives in me

Ooh, oh, oh oh, ooh oh, oh oh, ooh oh, oh oh, ooh oh
The demon that lives in me
Ooh, oh, oh oh, ooh oh, oh oh, ooh oh, oh oh, ooh oh
The demon that lives in me

It's like my world is slow, slow dancing
And my head, is falling apart
It's like my world is slow, slow dancing
And my head, is falling apart
It's falling apart
It's falling apart
It's falling apart

She's the only disease that I can't cure with poison
It's sinking in too deep (Oooh)
She is haunting me and I can't hear the voice of

The demon that lives in me

Ooh, oh, oh oh, ooh oh, oh oh, ooh oh, oh oh, ooh oh
The demon that lives in me
Ooh, oh, oh oh, ooh oh, oh oh, ooh oh, oh oh, ooh oh
The demon that lives in me
