Love Reality

Charmaine

There is more to the story than this
More than the morning routine
If I open my eyes I can glimpse
Pieces of eternity
I can hear a whisper
Like a secret for me
I can see a glimmer
And I know thatThe reality
Love reality
Love
(It's, It's so close to me)
The reality
Love reality
Love
(It's, It's so close to me)There is more to the story than this
More than the sorrow inside
Even when you are clenching your fists
There's more to the battles you fight
Oh, can't you hear it calling?
Like the moon at night
Even when you're falling
Don't you know thatThe reality
Love reality
Love
(It's, It's so close to me)
The reality
Love reality
Love
(It's, It's so close to me)All we are
All we do
And the mysterious
This is real
This is true
And mysteriousOh, can't you hear it calling?
Like the moon at night
Even when you're falling
Don't you know thatThe reality
Love reality
Of Love

(It's, It's so close to me)
The reality
Love reality
Of Love
(It's, It's so close to me)(1, 2, 3, 4)The reality
Love reality
Love
(It's, It's so close to me)
The reality
Love reality
Love
(It's, It's so close to me)
