

The Other Guy

Stevie Hoang

I can tell by the way that he's going on
He just don't have a clue what he's got at home
Every night (running up the streets)
With the guys (while you're fast asleep)
Thinking that, it won't just seem nothing at all
But he don't know that Every time he breaks your heart
Girl I'm the first one that you call
Every time he lets you down, I'm there to catch you when you fall
But girl it's killing me to go another day
And I can't take no more, I don't wanna be I don't wanna be there every time he makes you cry
I don't wanna be there when he doesn't treat you right
I don't wanna be that person in your life,
Don't wanna be the other guy I don't wanna be there every time he treats you bad
I don't wanna be the best thing that you never had
I don't wanna be here left out on the side
Don't wanna be the other guy (no more) And it's killing me that he don't understand
How lucky he should feel to be your man
(Cuz to him) you're just another girl
But to me you will be my world
Just think about it girl (It was me)
Who makes you laugh all the times you cried when the tears rolled down your face
(It was me)
The one who held you close letting you know that everything will be okay
(It was me)
Right from the start
But I never had your heart
Cuz you gave it to someone who didn't care Now I don't...
I don't wanna be there every time he makes you cry
I don't wanna be there when he doesn't treat you right (girl)
I don't wanna be that person in your life,
Don't wanna be the other guy (guuuy~) I don't wanna be there every time he treats you bad
I don't wanna be the best thing that you never had
(I don't wanna be here) I don't wanna be here left out on the side
Don't wanna be the other guy (listen girl) I wanna be the one to love ya
I wanna be the one to kiss ya
I wanna be the one to treat you right and spend my whole life with ya
Wanna be the one when you see when you wake up
And hold you in my arms after we make love
Gotta be your everything (I don't want...) I don't wanna be there every time he makes you cry

I don't wanna be there when he doesn't treat you right (when he doesn't treat you right)
I don't wanna be that person in your life, (Ohh don't want)
Don't wanna be the other guy (other guy) I don't wanna be there every time he treats you bad
I don't wanna be the best thing that you never had
(I don't wanna be the best thing that you never had)
I don't wanna be here left out on the side
(Don't wanna be) Don't wanna be the other guy
