Rev Theory

Playin' on the safe side
Letting life slip by
You tell yourself another lie
Every single day
Every single day You got to jump in head first
You might get hurt
But it's all worth it
In the end Just kill the headlights
I want you to see
All that's in sight
To get where you want
Take your hands off the wheel
Kill the headlights
You've got all you need
On the inside
Just kill the headlights
And turn the radio up You're dreamin' of another life
You're holdin' on too tight
When you gonna realize
Everything can change
Everything can change You got to jump in head first
You might get hurt
But it's all worth it
In the end Just kill the headlights
I want you to see
All that's in sight
To get where you want
Take your hands off the wheel
Kill the headlights
You've got all you need
On the inside
Just kill the headlights
And turn the radio up Turn the radio up
Yeah
Yeah Playin' on the safe side
Letting life slip by
You tell yourself another lie
Every single day
Every single day You got to kill the headlights

I want you to see
All that's in sight
To get where you want
Take your hands off the wheel
Kill the headlights
You've got all you need
On the inside
Just kill the headlights
And turn the radio up Jump in head first
You might get hurt (Turn the radio up)
But it's all worth it (Turn the radio up) Jump in head first
You might get hurt (Turn the radio up)
But it's all worth it In the end
