

# Dissolve Me (Romare Remix)

[alt-J](#)

Now dissolve me, two tabs on your tongue  
A herd of shepherds to herd the sheep, sleep now my only one  
Broken sweethearts, who sleep apart  
Both still pine for the other's side spine, spoon as sleep starts And pulse to pulse, now shush She makes the  
sound, the sound the sea makes to calm me down I am see-through, soap sliver you're thin  
As I begin rubbing lathers up your state worsens on my skin  
And gold, fatless finger to lip, one two three four hush And pulse to pulse, now shush She makes the sound, the  
sound the sea makes to calm me down  
She makes the sound, the sound the sea makes. I'm tired now Oh, oh, oh, oh, oh She makes the sound the sea  
makes, knee-deep in the North Sea  
She makes the sound the sea makes, knee-deep in the North Sea  
She makes the sound the sea makes, knee-deep in the North Sea  
She makes the sound the sea makes, knee-deep in the North Sea  
She makes the sound the sea makes, knee-deep in the North Sea  
She makes the sound the sea makes, knee-deep in the North Sea  
She makes the sound the sea makes, knee-deep in the North Sea
