Like You Want

Mondo Generator

I'm gonna give it to you baby
Like you want
I know it'll seduce you and move you
Give me everything that you got
You've been such a high, such a low
And I'm in between
Come up and see me if you know what I meanI'm gonna give it to you baby
Like you wantI got action, adventure, yeah
Just like you need
I know it'll amaze ya, elate ya
To satisfy is my guarantee
Don't believe the lies that they write
Or anything you see
Get up and ride like I was Steven McQueenI'm gonna give it to you baby
Just like you wantDon't believe the lies that they write
Or the music that you seeAww, fuck itI'm gonna give it to you baby
Like you want
