Anodyne

Nocow

You threw out the past
When you threw out what was mine
Throughout the years
It was hard to make it last, Anodyne, AnodyneNo sign of reconciliation
It's quarter past the end
Full moon from on high
Across the board we lose again, Anodyne, AnodyneAnodyne
Tossed it out for me to find
Without a word you're out the door
Without a reason anymoreTwo fingers on the trigger
Can break the heart of any day
Foolish to believe
Turn out okay, Anodyne, AnodyneAnodyne
You tossed it out for me to find
Without a word you're out the door
Without a reason anymoreAnodyne
Anodyne
Anodyne
Anodyne
