

# Ahead of the Storm

## Blue Highway

Storm clouds they gather,  
They get in the way  
Darkness arises,  
Makes the night out of day  
Whatever the season,  
My faith keeps me warm  
My Lord he keeps me  
Ahead of the storm

Ahead of the storm,  
Away from dark clouds  
He hears me whisper  
Or crying out loud  
When the wind is too much  
Or my heart gets torn  
My Lord he keeps me  
Ahead of the storm

Though tossed by the water  
I m still in His hands  
For he is the ruler  
Of the sea and the land  
He never promised a life  
Where I would not mourn  
But He still keeps me safely  
Ahead of the storm
