

# The Server

## E-40

[E-40]

Ughhh! Gully grimey and gritty  
Huh! Heavy drug activity {pull over please}  
Lower development housing  
Hustlers makin thousands {CHING!}  
Yola supplier, uhh  
Pullin all-nighters (po-po man, po-po!)  
Kissin my street sign {smooch}  
Grippin the block like pliers (pliers?)  
I'm as solid as can be

I'ma keep it funky my nigga, hoe shit don't sit too well with me  
(Uh-uh!) I was breathin in the deep {?}  
Beverly Hillbilly, black gold, Texas tea... where they'll merk you  
And peel your potato instead of knucklin up  
And squabbin like a hockey player {doo doo doo doo}  
I'm not a knock I'm the server

Some of you niggaz become your own best customers I'm not a knock I'm the server [4X]Uhhhhah! Dibblin and  
dabblin

Flea-flickin and fiddle-faddlin (fiddle-faddlin?)  
Rippin up crack  
Overkill, gettin 47 back (11 of 'em)  
Cerebral cortex pushed back {doo doo doo doo}  
If I catch you pinchin out the sack  
Anybody can get found, touched up and hurt  
long as you do your homework (that's right)  
Steady long, steady bright

Man these walls got ears, take the battery out your phone  
(Take it out man!) He'll never make it home  
Co-defendant was tellin, they stabbed him with a turkey bone  
(Snitch!) That's the consequences for snitchin  
Got a jacket on his ass, caught him slippin in the kitchen  
(Shank me!) Niggaz talk a good one but they fake

Fools be spineless, they got no vertebrae I'm not a knock I'm the server [4X]Uhhhh! On the soil shootin dice (I  
got those)

Dopefiend paradise (zombies)  
Leeches and parasites  
Restless and sleepless nights {yawn}  
Pistols and fistfights  
Po-pos on feet and bikes {nobody move}

Broken windows and street lights  
Collect calls and shootin kits (it's yo' potnah mayne!)  
The housin authority and the law enforcement agency  
Bat around my do', makes me beam me up and taze me  
While my girlfriend, was watchin TV  
Mindin her own business, breast feedin our newborn baby  
(AHHH!) I asked 'em where the search warrant, they hatin  
Tearin up my apartment, but came up with nathin (BEATCH!)  
My yola was at another spot  
Too much traffic, had the situation hot I'm not a knock I'm the server [4X]
