

Life in Detail

Robert Palmer

Who could tell just what might happen ?
Sometimes you're gonna feel a shock.
You got your carbonet - you think you're laughin'
It may hit you like a ton of rock. You see your life in detail
Such a close-up view
From another angle
Like another you It's that feelin' again
Do you remember when ?
You were so confused
You knew every thing You thought that happiness was automatic
That you were livin' in mean time It's that feelin' again
Do you remember when ?
You had it all sown-up
And then you call a friend A, like a life in detail
Such a close-up view
Like a mirrored image
Of another you You were after Mr. Energenic
Now you wonder why you feel so alone
That you're under anaesthetic
Makes you wonder where you're comin' from It's like the feelin' again
Do you remember when ?
You were so convinced
You knew everything Like a life in detail
Such a close-up view
From another angle
Like another you.
