Back Up

Danity Kane

Big boy
I like the way you've been looking at me
It be driving me crazy and I like
Every time you up in my unitTalking all sexy, show me
'Cause I don't have to wanna look past you, baby
I'm curious if you could shake it baby
Can you really make it go?And if you think you can handle then show me what you're workin' with
Let me know before we get down
Before you get up on it
Before I let you get up on it, no, no, noI can't wait if you're makin' me sweat
I can't hate it, I really like it
But if you can't get it jumpin' you better back up off a me
You better back up off a meI can't wait if you're makin' me sweat
I can't hate it, I really like it
But if you can't get it jumpin' you better back up off a me
You better back up off a meToo gonna play the game with you, boy
It's too much for me to wait for you, boy
I really want to know 'bout you, boy
Do all the things you say you do, boyWe can go round for round the best [Incomprehensible]
But, but not get down
I wanna know if you can really, really move me
It takes a lot for somebody to really want meAnd if you think you can handle then show me what you're workin' with
Let me know before we get down
Before you get up on me
Before I let you get up on meI can't wait if you're makin' me sweat
I can't hate it, I really like it
But if you can't get it jumpin' you better back up off a me
You better back up off a meI can't wait if you're makin' me sweat
I can't hate it, I really like it
But if you can't get it jumpin' you better back up off a me
You better back up off a meI hope you know what you're doing, boy
Don't play with me
And if you wanna get it right, we can get it right
Anytime you want we get it rightI hope you know what you're doing, boy
Don't play with me
And if you wanna get it jumpin', we can get it poppin'
All night we can get it rockin', yeahI can't wait if you're makin' me sweat
I can't hate it, I really like it

But if you can't get it jumpin' you better back up off a me
You better back up off a meI can't wait if you're makin' me sweat
I can't hate it, I really like it
But if you can't get it jumpin' you better back up off a me
You better back up off a meI can't wait if you're makin' me sweat
I can't hate it, I really like it
But if you can't get it jumpin' you better back up off a me
You better back up off a meI can't wait if you're makin' me sweat
I can't hate it, I really like it
But if you can't get it jumpin' you better back up off a me
You better back up off a me
