

Electric Romantics

Short Stack

Oh oh oh
I hate the way that
You look in the moonlight
But if I'm mistaken
I'll join you in taking
The rest of my life (My Life)
Oh we
Are inclined to destroy ourselves
But if we are open then
I guess we're broken
Like everyone else (one else)
I said well
I'm embracing your outlook on taking
To save the last dance
Well by chance
I'm killing romance
In the name of love
Love
I'm killing romance
In the name of love
Love
Oh oh oh
Dear
This embrace is a
Caricature of my plans
So head over heels
Is the way it feels
It mirrors romance (of romance)
Oh well
I'm embracing

Your outlook on taking
To save the last dance
Well by chance
I'm killing romance
In the name of love
Love
I'm killing romance
In the name of love

Love
I'm killing romance
In the name of love

Love
I'm killing romance
In the name of love

Love
