Something's Wrong

[Timothy B. Schmit](#)

(t. b. schmit/v. melamed/j. leo)I got this feelin' in my bones
Something's wrong
Very wrong
You don't say nothin'
Nothin' at all, baby
Come on
Come onYou look at me so tenderly
What can I do
What can I do
The situation is plain to see, baby
I need you
I need youThere's something between you and me
That we both got to work on
We love each other so desperately
So desperately
Something's wrong
