A World Alone (Lyrics)

Lorde

That slow burn wait while it gets dark,
Bruising the sun, I feel grown up with you in your car
I know it's dumbWe've both got a million bad habits to kick
Not sleeping is one
We're biting our nails, you're biting my lip
I'm biting my tongueWhen people are talking, people are talking
When People are talking, people are talkingRaise a glass, 'cause I'm not done saying it
They all wanna get rough, get away with it
Let 'em talk 'cause we're dancing in this world alone
We're all alone
We're aloneAll my fake friends and all of their noise
Complain about work
They're studying business, I study the floor
And you haven't stopped smoking all night
Maybe the Internet raised us
Or maybe people are jerksWhen people are talking, people are talking (But not you)
When people are talking, people are talkingRaise a glass, 'cause I'm not done saying it
They all wanna get rough, get away with it
Let 'em talk 'cause we're dancing in this world alone
We're all alone
We're aloneAll the double-edged people and schemes
They make a mess then go home and get clean
You're my best friend, and we're dancing in a world alone,
We're all alone
We're all aloneI know we're not everlasting
We're a train wreck waiting to happen
One day the blood won't flow so gladly
One day we're all get still
When people are talking, people are talking
Get stillWhen people are talking, people are talking
When people are talking, people are talkingRaise a glass, 'cause I'm not done saying it
They all wanna get rough, get away with it
Let 'em talk 'cause we're dancing in this world alone
We're all alone
We're aloneAll the double-edged people and schemes
They make a mess then go home and get clean
You're my best friend, so we're dancing in a world alone
We're all alone
We're all aloneWhen people are talking, people are talking

When people are talking, people are talking
When people are talking, people are talking
When people are talking, people are talkingLet 'em talk
