## Delta Spirit

So cold, I know you can't believe it  
Sometimes you gotta face the feelin'  
You don't care if you don't get up again  
There's a thousand things I will not understand  
Now you're dealin' with the hell I put you through  
If I had my way I would be right there next to you  
There's certain things in life you cannot change  
There's certain things I hope you know I care I've been alone too many nights  
Too proud to tell you when you're right  
A little patience would have helped me then  
A lot like the break has been the common standard  
All the angels above the earth I prayed  
Said this message right into her head  
There's certain things in life I cannot take  
And I will wait I hope you know I care  
I hope you know I care (I hope you know I care)  
So cold, I know you can't believe it  
Sometimes you gotta face the feelin'  
You don't care if you don't get up again  
There's a thousand things I will not understand  
(I hope you know I care)  
Now you're dealin' with the hell I put you through  
If I had my way I would be right there next to you  
There's certain things in life you cannot change  
There's certain things I hope you know I care
