

# Do Not Disturb

Teyana Taylor

[Verse 1: Teyana Taylor]

So I got this feeling  
You and I need a moment  
I want you to love me babe  
Make me know it  
I need you to want me babe  
Come and show it[Hook: Teyana Taylor]

Let me satisfy you tonight  
Go inside sit on my couch, oh  
I know what you like just sit back  
Let me ride, hear it all out, uh  
I want you right now  
Not another minute later, so come on  
Put your money where your mouth is  
Give you what you paid for, so come on  
I know it's real how my body feels on yours, oh  
And I want to spend some time  
No answer sign on the door  
Oh no, please don't disturb me, no  
Don't, disturb no[Verse 2: Chris Brown]

So I got this feeling  
That you and I need this moment  
I want you to touch me baby  
Let me feel it  
I need you to hold me baby  
And you in it[Hook][Verse 3: Chris Brown]

Like a copper i'm cuffing in the field  
Little mama got ass and she walk in them heels  
She love when i eat it, she making a meal  
Baby girl screaming

I give her the pillow so no one could hear[Verse 4: Teyana Taylor]

Oh  
He biting my neck and my legs in the air  
Tell me you love me then pull on my hair  
I like it rough, don't be touchin' my nigga  
It ain't rocket science it's simple my nigga[Outro]  
Oh no, please don't disturb me, no
