Sex Has Come Between Us

Vitamin C

Sex has come between us
Sex has come between us
You were my best friend
We've been through much together
And you have seen me
In both good and bad weather
If someone had asked me, I'da said "Never"
You kissed me and I kissed back
A boy and a girl, it's a natural fact
Sex has come between us
Sex has come between us
Everything has changed
It's pitiful and strange
Sex has come between us
Okay
It was Sunday night
You came over for coffee
And we stayed up all night
Getting closer just talking
Someone had asked me
And I'da said "No way"
You touched me and I touched back
A girl and a boy in a natural act
Sex has come between us
Sex has come between us
Everything has changed
It's pitiful and strange
Sex has come between us
You turn, turn me on
I never thought, thought you would
Is this a big, big mistake?
Or is this something good?
Sex has come between us
Sex has come between us
Everything has changed
It's pitiful and strange
How we rearrange
Sex has come between us
Sex has come between us

Sex has come between us
Everything has changed
It's pitiful and strange
How we rearrange
Sex has come between us
You were my best friend
