

# Sex Has Come Between Us

## Vitamin C

Sex has come between us  
Sex has come between us  
You were my best friend  
We've been through much together  
And you have seen me  
In both good and bad weather  
If someone had asked me, I'da said "Never"  
You kissed me and I kissed back  
A boy and a girl, it's a natural fact  
Sex has come between us  
Sex has come between us  
Everything has changed  
It's pitiful and strange  
Sex has come between us  
Okay  
It was Sunday night  
You came over for coffee  
And we stayed up all night  
Getting closer just talking  
Someone had asked me  
And I'da said "No way"  
You touched me and I touched back  
A girl and a boy in a natural act  
Sex has come between us  
Sex has come between us  
Everything has changed  
It's pitiful and strange  
Sex has come between us  
You turn, turn me on  
I never thought, thought you would  
Is this a big, big mistake?  
Or is this something good?  
Sex has come between us  
Sex has come between us  
Everything has changed  
It's pitiful and strange  
How we rearrange  
Sex has come between us  
Sex has come between us

Sex has come between us  
Everything has changed  
It's pitiful and strange  
How we rearrange  
Sex has come between us  
You were my best friend
