Dirty Paradise

Natsat

God damn, here we go again,
Banging on my door bout two am,
Looking so fine,
Dressed up with your high heals on,
Whatcha doing here, you know were gone,
Whats on your mind?You gave it up last week,
Now Ive been losing sleep,
Thinking bout what we used to do,
(tell me baby)
We break up every day,
Just to hear me say,
'babe I only wanna be with you.'Lets start a fight and make up tonight,
It should be a crime but it feels so right,
Lets start a fight and turn out the lights,
Baby take me down to dirty paradise.You knock me out with your body,
I love when youre naughty,
Hit me baby one more time,
Lets start a fight and turn out the lights,
Baby take me down to dirty paradise,
Dirty paradise.Play back, on repeat,
Devil in the sheets but shes oh so sweet,
She blows my mind,
Backed up against the wall,
Nothing feels better than a bedroom brawl,
Lets hit rewind,You gave it up last week,
Now Ive been losing sleep,
Thinking bout what we used to do,
(tell me baby)
We break up every day,
Just to hear me say,
'babe I only wanna be with you.'Lets start a fight and make up tonight,
It should be a crime but it feels so right,
Lets start a fight and turn out the lights,
Baby take me down to dirty paradise.You knock me out with your body,
I love when youre naughty,
Hit me baby one more time,
Lets start a fight and turn out the lights,
Baby take me down to dirty paradise,
Dirty paradise.Dirty paradise, dirty paradise,

Dirty paradise, dirty paradise,
Dirty paradise.Lets start a fight and make up tonight,
It should be a crime but it feels so right,
Lets start a fight and turn out the lights,
Baby take me down to dirty paradise.You knock me out with your body,
I love when youre naughty,
Hit me baby one more time,
Lets start a fight and turn out the lights,
Baby take me down to dirty paradise,
Dirty paradise, dirty paradise,
Dirty paradise, dirty paradise,
Dirty paradise.
