

# Goodnight Moon

**Jack Ingram**

Goodnight moon, goodnight stars  
Goodnight old broke down cars  
Im going away, Im leaving soon  
Goodnight darlin, goodnight moon I dont know where Ill be  
And I dont know if Ill see  
Out the window of my room  
Shining down, goodnight moon Thank you Im gonna miss you  
When the night comes round  
Thats when I long to kiss you  
When the moon shining on the ground Goodnight moon, goodnight stars  
Goodnight old broke down cars  
Im going away, Im leaving soon  
Goodnight darlin, goodnight moon
