Oleander

Zkibwoy

You stood beside me
When I was out of my mind
I broke the glass
And you where there to sweep it asideAnd if you leave me
Rest assured it would kill meI make a mess
And you'll be there to help me undress
I'll be unclean, I'll be obscene
You'll be the restAnd if you leave me
Rest assured it would kill meLike an oleander
Like white geese
I'm an oleander
White like meI'm like the child in a [Incomprehensible]
I play with fire, I burn you right out
I burned your bible
You try to cry, put on a smileAnd if you leave me
Rest assured it would kill me
Rest assured if you
LeaveLike an oleander
Like white geese
I'm an oleander
White like meOh, the oleander
White, white geese
I'm an oleander
White like me
