

Yowler

Yowler

My heart is a part of me
But she lies
I'm shining sea to sea
and it's not right
You lose me in the trees
Now i'm alive
Alive
Your hands were just like mine
and your voice went into my spine
when I was just a gleam in your eye
There were ghosts in the sidewalk
At night
But the feel of them was absent
Within my mer sigh (?)
Your hands were just like mine
and your voice went into my spine
when I was just a gleam in your eye
And you can lead me to the water
But you cannot make me drink
And you will not be avoided
'Cause your ghost is haunting me
You made me in the springtime
When my body met the cold
You were crying in the corner
And the fear is all I know
