Tossed Away

Forbidden

[Theme: Craig]Looking into saddened eyes that morn, I'm unashamed
Witness to the crying of the poor, I can't relate
Afraid to see what lies behind the lies, I'm ignorant
Don't tell me, I won't know, just leave me beEvery time a page is turned
Every time a channel's switched, I look away
Washing off my dirty hands
If I don't want to understand, why should I?
Pain and hurting of diseased
Taking life by ill dispose
Shunned and tossed away, tossed away!Glutiny, I'm hungry then I'll eat, I'm a selfish pig
Thinking I'm thirsty, I'll have a drink, it pours away
So tired, so I'll lie down awhile, the lazy life, ha!
Don't bother me, I'm dreaming, just le me sleepEvery time a page is turned
Every time a channel's switched, I look away
Washing off my dirty hands
If I don't want to understand, why should I?
Pain and hurting of diseased
Taking life by ill dispose
Shunned and tossed away, tossed away![Theme: Craig][Lead: Tim]Disgusting! Revolting! They sicken me!
Send them somewhere out of sight, away from us
Separate their children from our young, they're dangerous
Don't say I didn't warn you, just wait and see!Every time a page is turned
Every time a channel's switched, I look away
Washing off my dirty hands
If I don't want to understand, why should I?
Pain and hurting of diseased
Taking life by ill dispose
Shunned and tossed away, tossed away -[Theme: Craig]Pain and hurting of diseased
Taking life by ill dispose
Shunned and tossed away, tossed away!
