

What Drives The Weak

Shadows Fall

This time released security
Controlled dose of tranquility
Forgetfulness washes over me
Put to rest the voices of insanity Only the cinders remain
As another night
Becomes a yesterday Come on! Anesthetize the panic
It is what drives the weak
You're gone! Anesthetize the panic
Putting all uncertainties to sleep Not an altered state of mind
But a safer place in an unsafe world
Within the nearness of death
Rapture in the skip of a heartbeat
