Next Big Thing

Amy Macdonald

Oh everybody said she was the next big thing
A shining little light on a Saturday night
Dreaming of the day that she could run away
She didn't believe the hype was right
I knew straight from the past,it was never gonna last
The feeling is over fast
Now here we go
Now here we goCan somebody please take me home
Where I can be all alone
Can somebody please take me home
Where I can be all aloooooneAnd the tears fall down from your face
And what all we need to say
This bears a trace a heavy heart thats working
Beautifully
Please stay in the game
Please stay in the gameOh everybody said she was the next big thing
A shiny little light on the Saturday night
Finally came the day when she did run away
She didn't believe the hype was right
I knew straight from the past,it was never gonna last
The feeling is over fast
Now watch her go
Now watch her goCan somebody please take me home
Where I can be all alone
Can somebody please take me home
Where I can be all aloneAnd the tears fall down from your face
And what all we need to say
This bears a trace a heavy heart that's working
Beautifully
Please stay in the game
Please stay in the game
Please stay in the game
