Baby

Helena Kletch

I am trippinâ€™ and now Im Falling
And I feel brand new
And Iâ€™ve been thinking that Iâ€™m sinkinâ€™ back into you
But is it enough to love?
Baby (stretched out)
And Iâ€™m tuckered out from falling about you
Baby (stretched out)
And I can feel the way you donâ€™t hold me
Are you falling away?
If love begins and love ends, just like anything else then what are we still fighting for ohhh
And itâ€™s not enough to love
baby (stretched out)
And Iâ€™m tuckered out from falling about you
baby (stretched out)

Musical break

Baby x 2 (stretched out)
But that little brunette smile
The way you move your hips I
And I feel wild, I feel free
When youâ€™re dancing next to me I
But that little brunette smile
The way you move your hips I
I feel wild, I feel free
When youâ€™re dancing next to me
