

# Snowflakes (Red Rhythm Remix) [Extended Version]

## White Apple Tree

Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road A snowflake falls unto my cheek  
As I wake up from a distant sleep  
I stand up dazed as I look around  
What is this place that I have found? Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road The wind it chills as it fills the sky  
The neighbors smile as I walk by  
It is all so calm in this cold night air  
Where the people sing without care Though I know not where I step  
I follow you until the death Though I know not where I step  
I follow you Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road Feeling like I know the words  
Of a song I haven't wrote  
A song of love, a song of hope  
A song that guides me down this road
