Spoken For

We Are Scientists

Listen, I may have given you the wrong impression
This is something that I really ought to mention
Well, I should tell you I?ve been spoken for
Listen, it?s best that we avoid misapprehension
This is something that I?d never had intended
Well, I should tell you I?ve been spoken for
Well, I should tell you I?ve been spoken for
As far as weakness goes

This one?s hard to beat I know, I know
I'm sure I will beat this thing, wait and see
As far as these things go
I should never speak I know, I know
I'm sure I will beat this thing, wait and see
Well, I should tell you I?ve been spoken for
