

Spoken For

We Are Scientists

Listen, I may have given you the wrong impression
This is something that I really ought to mention
Well, I should tell you I've been spoken for
Listen, it's best that we avoid misapprehension
This is something that I'd never had intended
Well, I should tell you I've been spoken for
Well, I should tell you I've been spoken for
As far as weakness goes

This one's hard to beat I know, I know
I'm sure I will beat this thing, wait and see
As far as these things go
I should never speak I know, I know
I'm sure I will beat this thing, wait and see
Well, I should tell you I've been spoken for
