Rock the nation

Axel Rudi Pell

All right, come on now, ooh yeah
Here we go nowGot it in me, I've got it in me
Ain't gonna quit until it all comes out
Gonna do it, ain't nothing to it
Just shake my hips, throw my head back and shoutBeen a long education
But my homework is done
I'm gonna rock the nation
Just wanna have fun, yeah
Have some funGonna shake it, ain't gonna break it
I'm gonna show you what it's all about
Got it in me, I got it in me
Ain't gonna quit until it all comes out, ohBeen a long education
But my homework is done
I'm gonna rock the nation
Just wanna have fun, fun, funGot it in me, I got it in me
Ain't gonna quit until it all comes out
Gonna shake it, baby, ain't gonna break it
I'm gonna show you what it's all aboutBeen a long education
But my homework is done
I'm gonna rock the nation
Rock the nation, rock the nationRock the, rock the, rock the
Rock the nations
Wanna have fun
