

Gold

Years & Years

Am I defined
By the way they look at me?
Will I be tried?
Will they take what I believe? I shiver on the one, I breathe for two
I give you what you want, I bend the truth
And everything's aflame, it's all aglow
I know that I can play that game
I'll fool them all(Chorus)
Oh like gold
Let it lead me astray
Oh like gold
Let it take me away And if I turn my back
And I leave it all
And I'll be running fast
Cause I can't be owned
Oh, like gold Do I belong?
Oh, I see it start to fade
Teach them a song
Oh, now I feel I've been betrayed. I shiver on the one, I breathe for two
I give you what you want, I bend the truth
And everything's aflame, it's all aglow
I know that I can play that game
I'll fool them all(Chorus)
Oh like gold
Let it lead me astray
Oh like gold
Let it take me away And if I turn my back
And I leave it all
And I'll be running fast
Cause I can't be owned
Oh, like gold And everything is brighter now
It shimmers like a stone
And everything surrounds you now
It's you and you alone Oh like gold
Oh like gold And if I turn my back
And I leave it all
And I'll be running fast
Cause I can't be owned
Oh, like gold (Oh like gold)

I'm gonna be the one that sets it all alright
I'm gonna be the one that sets it all alright

(Oh like gold)

I'm gonna be the one that sets it all alright
I'm gonna be the one that sets it all alright
