Biffy Clyro

We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide

We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
Are you irrelevant?
You're falling to pieces
How do you become one again?
Are you an elephant?
You've fallen to pieces
How do you, how do you do?
We're on a hell slide help us help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
We're on a hell slide
We're on a hell slide help us, help us
