

# My Zodiac Companion

## Guided By Voices

orbital ghosts  
attract sparks  
aftermath heaven  
the unborn called  
they miss you the stones are dead  
with different fathers  
the vulgar souls  
equal in torture  
fly  
torn apart  
come back to me  
my zodiac companion  
come back to me  
come back to me umbrella swords  
with which we play fight  
sixes and sevens  
saucers and cups  
for Magdalene a nebulous wish  
an apparatus  
for cleaning our pipes and pans  
all space for breakfast  
cleared  
when can we start  
come back to me  
my zodiac companion  
come back to me  
my zodiac companion  
come back to me  
my zodiac companion  
come back to me  
come back to me
