

Disciple

I have come to worship the Lord of Lords
 In this place it's Your face I will adore
 Everyday God I need You more and more
 So I am here to seek You out Lord
 I have come to praise the King of Kings
 Lift up my hands and shout and sing
 I can't express all the power that it brings
 When I lift my life up to the King
 If it's Your will, I'll live till I'm 99
 If it's Your will, You can take my life tonight
 Until then I'll praise You (2x)
 Lord I ask that You shine Your light of life
 That You manifest Your power and Your might
 Your mercy changes the wrongs to right
 As I sing Your praise throughout the night
 So I pray to the God who never dies
 Through His foolishness He confounds the wise
 He speaks the truth and never lies
 And I believe the promise of Your coming
 If it's Your will, I'll live till I'm 99
 If it's Your will, You can take my life tonight
 Until then I'll praise You (2x)
 If it's Your will, I'll live till I'm 99
 If it's Your will, You can take my life tonight
 Until then I'll praise You (2x)
