We could cruise around
Listen to the sounds till the sun goes down

[Chorus:]
Top off the ride
We can cruise around
Listen to the sounds till the sun goes down
There's a party goin' on in every corner

That's why I gotta be in California
We can take a top off the ride
We can hit the shore
We can hit sunset(we can hit
The stars)there's a party goin' on in every corner
That's why I gotta be in California
Starin' at my window at you
Am I the same without you
But life ain't the same without you

So as soon
As I get back
I'm gonna take a

[Chorus:]
Top off the ride
We can cruise around
Listen to the sounds till the sun goes down
There's a party goin' on in every corner

That's why I gotta be in California
We can take a top off the ride
We can hit the shore
We can hit sunset (we can hit the stars)
There's a party goin' on in every corner
That's why I gotta be in California
