

# Wish I Could

## Miss Montreal

I thought I did everything right  
I thought I treated you,  
The best way I know how  
But where do I find myself now  
Where do I find myself now  
I look around,  
And my friend you're gone,  
What did I do wrong  
I wish I could say  
that if you change you're mind I'm here  
that if you call for me, I'm there  
if you're hurting, I'll run fast  
forget about the past  
I'll be right by your side  
Be right by your side

I thought you cared for real  
I thought that I was good to you,  
And made you smile a lot  
But this is what I've got  
I look around,  
And my friend you are gone,  
I guess you've been for long  
I wish I could say  
That if you change you're mind I'm here  
That if you call for me, I'm there  
If you're hurting, I'll run fast  
Forget about the past  
I'll be right by your side  
Be right by your side
