

This Is Summer

Kalomoira

Now I stand alone, and we are done, I should've known
I don't understand why do I do this to myself Just a year ago When you loved me so
I can't turn back time Baby I move on
Yeah the summer's on I can feel the sun Oh Oh Oh Our Bodies on the floor
Cuz Everywhere I go The summer is on Oh Oh Oh Our Bodies on the floor
Cuz Everywhere I go The summer is on
The summer is on
A new summer's on I'm turning on the radio
And I can't find the song we used to like, my baby
Now I stand and think "What I've become by waiting for"
Waiting for you baby got me losing all myself Just a year ago When you loved me so
I can't turn back time Baby I move on
Yeah the summer's on I can feel the sun Oh Oh Oh Our Bodies on the floor
Cuz Everywhere I go The summer is on Oh Oh Oh Our Bodies on the floor
Cuz Everywhere I go The summer is on
The summer is on Our Bodies on the floor
Cuz Everywhere I go The summer is on The summer is on The summer is on
Oh Oh Oh Our Bodies on the floor
Cuz Everywhere I go The summer is on Oh Oh Oh Our Bodies on the floor
Cuz Everywhere I go The summer is on
The summer is on
