They'll Never Call It Quits

One Man Army

It Started Back In Point Richmond
A Consorted Effort They'd All Pitched In
For A Boat That Would Never Float
Three Months Working For What's Right
They'd Sleep In The Galley In The Chill Of The Night
It Was All For One And One For AllAnd At Four A.M. Their Day Would Start All Over Again
And Still They'd Never Call It Quits
They'll Never Call It Quits
Never Would Say Die
They'll Never Call It Quits
Bonded By Their Pride
They'll Never Call It Quits
Or So The Story Went
They'll Never Call It QuitsFriends Since Birth It Had To Work
But The Boat Still Sits There In The Dirt
With An Old Blue Tarp As A Makeshift Roof
Freezing It Rained All Day
And All Their Work Went Done In Vain
So They All Spilt Up And Went Their Separate WaysAnd At Four A.M. They Left To Never Be Seen Again
They Took The First Bus Out Of Point Richmond
They Finally Called It Quits
Broken In The Night
They Finally Called It Quits
For The Rest Of Their Lives
They Finally Called It Quits
Or So The Story Went
They Finally Called It Quits
