Minnie N Me

Christa Larson

Minnie and me, Minnie and me
She's all the best things a best friend can be
Telling a joke, singing a song
Sharing a giggle and singing along
Someone who understands, someone to share my secret plans
Who can it be? It can only be Minnie and me

Minnie and me, Minnie and me
Having a party with good company
Baking a cake, making a mess
Counting the polka dots on Minnie's dress
We'll make up a game and pretend, I can be anybody with my best friend
But it's more fun to be myself with just Minnie and me

So many new-hoo things we can do-hoo
When Minnie says yoo-hoo, she opens the door to friendship and more

Minnie and me, Minnie and me
She's all the best things a best friend can be
When I feel sad, lonely and blue
She is the one friend that I can talk to
Wishing on stars in the sky, sharing the last goodnight lullaby
Carings the key to friendship for Minnie and me

So many new-hoo things we can do-hoo (it's Minnie)
So many new-hoo things we can do-hoo (it's Minnie and me)
So many new-hoo things we can do-hoo
So many new-hoo things we can do-hoo

La la la la la la la la la la
