

# Kizomba

## Kaysha

The way move and the dancefloor  
Is it movements for me?  
Cause I can't resist the beat come to me girl  
This feeling in the air  
Has never been so sexual What u want me to do  
I can't control myself  
When you dance this  
Kizomba kizomba And I gotta confess the way you  
Take me, turn to the riddim  
Spin around hey sparkle a million  
Put your head against my head  
Let's break it down some more  
Comon'  
The way this ends for me  
Let's keep it for you and me  
What u want me to do  
I can't control myself  
When you dance this  
Kizomba kizomba And I'm gonna keep u right here for me I'm from the place where they keep it real  
Say my name baby have no fear  
Cause we came from the future  
Million sons of mixtures  
I keep my nana dancing next to me  
But I know she never mixing me  
I just love to see her dancin'  
Her tattoo on my breast skin  
What u want me to do  
I can't control myself  
When you dance this  
Kizomba kizomba.
