United In Repungence

Incantation

Unheavenly skies
Burneth thy souls
Divine suffering eternal
Reborn in profanityBleed with me into the abyss
Masters of the pure hellish retaliationI drain my soul of my holy purity
To endure my true self in blasphemy, in blasphemy!United in repungenceDeliverance into temptation
As you enter upon a kingdom of darknessWhere lust is fulfilled
Where our body is cleansed of all purity...
Our souls sealed in blasphemyUnited in repungenceUnheavenly skies
Burneth thy souls
Divine suffering eternal
Reborn in profanity
