Won't Turn It Down

Jacquees

[Verse 1: Jacquees]
Give me your number
Do you want me to call you?
Girl, I want you, like an alcoholic
I'm so drunk, I'm so drowned
Put you in a cup, let me pull it out!
That Cali weed, roll it up, roll it up!
Now Ive been making up the things
That we gonna do tonight
Thinking 'bout the games I'mma play with you tonight
Wanna go first? Take off!
If Ill bring you to the play, will you play ball?
I'mma hit it hard like a paintball
Like a soldier I'm 'bout to go AWOL
You're here[Pre-hook: Chris Brown]
She wanna play? I'mma let her ride, ride, ride
All day, I'mma let her try, try, try, yeah!
Get ready! On your mark, get set, go! (set go!)
When I'm falling in there I'mma do the breast stroke
Let's go![Hook: Jacquees (Chris Brown)]
She told me, sing another love song please
She got her hands on me
"My baby, I need jacquees"
Girl, it ain't nothing in this world for free
I gotta put it down before I wear the crown
(I won't turn it down, down, down) no! X3
Baby, turn up! With this AK, I'm ready to bust
I won't turn it down! Oh no![Verse 2: Chris Brown]
See you are what you eat
Fuck that! You are who you feel
A list, the pussy the greatest
When I'm going raw dog, nigga, fuck a plan B!
Understand me? I got her singing them high notes
She holding my Grammy
A nigga like a laundry man
When I'm eating her panties
Come from the A, but she live in Miami
All these bitches in Hollywood, get this molly wood
Week days be jumpin'

But the weekend, bring the freaks in
I need a bitch straight up 'bout to bomb that
Bees up, what up 5?
White vita and them all red 5's
Kill the pussy, I deal the pussy
And girl I'm 'bout to make that ass come alive!
How you make it do that?
Gon' and ride this wave bitch, like a du-rag
Zero to sixty through your neighborhood
Shout out to the homies with blue flags
This new jac, got new tags!
On top nigga, where you at?
You wanna tell me how to act, huh?
Nigga, this my movie![Pre-Hook 2: Jacquees]
She wanna play
I'mma let her ride, ride, ride it!
All day, I'mma let her try, try, try it!
Get ready, on your mark, get set go!
I'm swimming in that, I'mma do the breast stroke[Hook]
She told me, sing another love song please
She got her hands on me
"My baby, I need jacquees"
Girl, it ain't nothing in this world for free
I gotta put it down before i let her cry
(I won't turn it down, down, down) no! X3
Baby, turn up! With this AK, I'm ready to bust
I won't turn it down! Oh no!
