

# Get Up and Try Again

DMX

Yeah get up and try again  
You gotta get up and try again  
Then you gonna throw  
And the shit don't go just like you  
Get up and try again  
You gotta get up and try again  
Said we gonna do, we gonna do just like you We make the move to break your rules  
Is full, and his money from (?) that we take from fools  
If you ever fall down then get back up  
Drop some, stop and get that shit back up  
Stay for something, ball off for everything  
Pray for the right picture, miss with every swing  
In the absolute the truth bullshit prepare  
So what they do? Fuck around, go truth in jail  
Here technique is to keep you blind  
For all, what the heck, just on your arms got shakers on your mind  
See and you shut fine and set the prayer it's the only prime  
Fuck that every time and they did it now  
Get up and try again  
You gotta get up and try again  
Then you gonna throw  
And the shit don't go just like you  
Get up and try again  
You gotta get up and try again  
Said we gonna do, we gonna do just like you Play anytime and nigga zip and fail  
All minds like this zip and fail  
That al begin like zip and fail  
On time I didn't get up as quick as I did before  
And it's hard to shift and get above that floor  
You want it all wrong, ain't even about that  
It's about the opportunity  
So you gonna be all about and respect the  
No matter how hard a nigga do it, do it  
You better stand up like shit,  
And when tit's fake and it's about the fake friends  
If you do 'em all make commence  
Don't let 'em walk you in the (?)  
And then I beat you, I talk to you  
Get up and try again

You gotta get up and try again  
Then you gonna throw  
And the shit don't go just like you  
Get up and try again  
You gotta get up and try again  
Said we gonna do, we gonna do just like you If we did we walk these door, we walked throw the floor  
One day when you'll walk, you will put up in the (?)  
The role is roof but I'm going for it  
We shaking top and real, drum still for us  
And we make the move like the strongest one  
You the last one and try to be the longest one  
You know the difference between right or wrong so don't mix it  
Whenever they hook, go fix it  
If it ain't smoke, don't twix it  
Just hit that nigga with the (?) right here and (?) most of you missed it  
You fall out, gte the fuck back up, try to hit Get up and try again  
You gotta get up and try again  
Then you gonna throw  
And the shit don't go just like you  
Get up and try again  
You gotta get up and try again  
Said we gonna do, we gonna do just like you  
You gotta get up and try again, get up and try again
