Electricity

Eddie 'Flashin' Fowlkes

I'm an artist honey you'll see me sometimes
Making crazy pictures out of music and rhymes
Costume changes performed with poise
Dancing in formation with a couple of boys
I take them on the road with my reel-to-reels
I'm an artist honey you know how that feels?
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
It's all about wonder the power to be
Like thunder expressing electricity
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
Disco-Tex and the Sexelettes
Call it performance, call it art
I call it disaster if the tapes don't start
I've put all my life into live lip-sync
I'm an artist honey you gonna get me a drink?
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
It's all about wonder the power to be
Like thunder expressing electricity
It's the greatest show with the best effects
Since Disco-Tex and the Sexelettes
Disco-Tex and the Sexelettes
