Blind to It All... (Soft Mix)

Gary Taylor

Caught up in the madness of it all
Chasing after love through a dream
I let get away
Wanting to remember things I canâ€™t recall
Thatâ€™s my life
From day to day

Daring was my heart so free to fly
Failing to adhere to the boundaries of my life
Never thinking I could ever lose
Thatâ€™s the mind of a fool

All that Iâ€™m wanting to say
Is that I made the biggest mistake
In my judgement of who you are in my life

Turning this feeling around means
Getting my feet on the ground
And loving you baby just for who you are

I never got close enough
I never knew the feeling love
I was blind
(I was blind to it all)

I didnâ€™t want to take the chance
I didnâ€™t know what I had
I was blind
(I was blind to it all)

Picking up the pieces that were lost
Trying to find my way back into your heart
Loneliness is proof of my mistake
Thatâ€™s my life
Give and take

All that Iâ€™m wanting to say
Is that I made the biggest mistake
In my judgement of who you are in my life

Turning this feeling around means
Getting my feet on the ground
And loving you girl just for who you are

I never got close enough
I never knew the feeling love
I was blind
(I was blind to it all)

I didnâ€™t want to take the chance
I didnâ€™t know what I had
I was blind
(I was blind to it all)

Calling on a need to love
Sorry for all Iâ€™ve done
I was blind
(I was blind to it all)

I wanna know you girl

So much that I had to do
You I donâ€™t want to lose
I was blind
(I was blind to it all)

Never got close enough to you

Never got close enough
Never knew the feeling love
I was blind
(I was blind to it all)

Didnâ€™t want to take the chance
Didnâ€™t know what I had
I was blind
(I was blind to it all)

Calling on a need of love
Sorry for all Iâ€™ve done
I was blind
(I was blind to it all)
