The Magnificent Tree

Hooverphonic

Bought this guitar
At a shop called Mars
But on the way back home
Strange things happened in my carStarted to play, all by itself
Creatures jumped from
The highest shelf
Until I touched string 12This magnificent tree
Appeared in my mind
Even without leaves
It's strength was divineSynthesized gnomes
Penetrated this Godly zone
Summer was thrown off
It's royal thrownThis magnificent tree
Appeared in my mind
Even without leaves
It's strength was divine
