Bloodlet

Munroe

There's a demon inside,
Bloodlet it out, bloodlet it out
Til you love me again
There's a demon inside,
Bloodlet it out, bloodlet it out
Til you love me again
I left one in the city
I left one in the hills
I left you when I went I went running across the river to
His bed
I left two in the morning with their mouths open wide
Comin for another on my knees in the night
There's a demon inside,
Bloodlet it out, bloodlet it out
Til you love me again
There's a demon inside,
Bloodlet it out, bloodlet it out
Til you love me again
Roll demon roll, roll demon roll
There's a demon inside
Better run for your life, boy
Roll demon roll, roll demon roll
And if you see come now you better tear out your eyes
I left one like a baby, one crying more,
I leftâ€¦
