

Slugger

Whirlwind Heat

On a neck tie
out of my place
playin like two tiny bones
tryin hard
not to laugh
laughin at the way that we walk
turn you on
push of a button
on and off all night long
smelling sweat
sweat from you
dripping down off your neck

Like a woodsman
runnin hard
choppin wood never small
stayin young
drivin hard
drivin in the desert sun
sunburnt arm
lip-lockin fun
leaning up against the wall
ten is up
sleeping bag fun
zipper getting stuck on the fold

reservations on her body
thoughts are gettin naughty
feeling are exciting
reservations on her body
thoughts are gettin naughty
feeling are exciting
reservations on her body
thoughts are gettin naughty
feeling are exciting
(chorus)

Ponytail
I'm so excited

little piece of my control
like her bare skin
under she wearin
glowin like bright lights on
thigh bones
wink of an eye
the night is almost done
a bath robe
on the floor
kind of like a fifty-year-old

(Chorus)
