Memorium

Midnight Juggernauts

Bones, dead and gone
But you, wont let them fall by the wayGhosts, floated on
Still you, wont let them vanish awayCemeteries
You're digging up your enemies
Cemeteries
Keep digging up their bones
Memories
Keep digging up those memories
These deaths possess your soulDig, through the dirt
See you, wont let them fall by the wayBleed, red alert
Still you, wont let them vanish awayCemeteries
You're digging up your enemies
Cemeteries
Keep digging up their bones
Memories
Keep digging up those memories
These deaths possess your soul
